Safely manages all types of cables under solar panels.

Designed with innovative features that provide a tight, snap-on fit over any style torque tube or fixed tilt structure.

Quick and easy installation requiring no tools.

Greatly reduces labor time compared to cable ties, clips or clamps.

In seconds, hangers can be installed and cables loaded.

Spiral carrier securely retains cables or cable bundles.

Hangers simplify upgrades, maintenance and troubleshooting.

Custom designs available for any torque tube or fixed tilt structure.

CAB® Torque Tube Hangers offer a sturdy long-term solution for under panel cable management. Supports large bundles of cable easily and effectively. CAB® Hangers help reduce installation costs and simplify maintenance in solar projects.

✓ Safely manages all types of cables under solar panels.
✓ Designed with innovative features that provide a tight, snap-on fit over any style torque tube or fixed tilt structure.
✓ Quick and easy installation requiring no tools.
✓ Greatly reduces labor time compared to cable ties, clips or clamps.
✓ In seconds, hangers can be installed and cables loaded.
✓ Spiral carrier securely retains cables or cable bundles.
✓ Hangers simplify upgrades, maintenance and troubleshooting.
✓ Custom designs available for any torque tube or fixed tilt structure.

Patent pending.

New!
CAB® Hangers are manufactured from class 3 galvanized, high tensile strength spring steel for maximum strength and corrosion resistance.

CAB®’s 80 mil (2mm) thick PVC coating is applied on 100% of the surface which provides added safety and protection for cables.

CAB®’s coating has a dielectric breakdown strength of 400 volts per mil (.025mm). It is flame retardant, chemical resistant, high dielectric grade and UV stabilized for long service life in highly corrosive environments.

“CAB®’s Torque Tube Hangers were very easy to install and cut labor costs over other attachment methods. We really liked the hangers and highly recommend them on future projects.”
- John B. Bianconi, Vice President
Bob Biter Electrical Enterprises, Inc.

CAB® Torque Tube Hangers
Safe, Strong and Durable

Designed for fast, snap-on installation on any style torque tube or fixed tilt structure.

CAB® is a private, non-profit organization dedicated to providing job opportunities and services to persons with disabilities. CAB® Products are manufactured by CAB® employees with great pride and integrity. We deeply appreciate the support of the solar industry and our customers. Through your orders, many disabled persons are given the opportunity to be productive, independent and self-sufficient.
